CAREER OBJECTIVE

I am a highly motivated web developer. With my strong work ethic and desire to constantly improve myself, I will provide you with the best possible websites possible for your clients

Throughout my career as a web developer I've focused on developing scalable and well documented code. I enjoy working collaboratively but can also run with projects on my own.

WORK EXPERIENCE

Senior Front End Lead Developer

Splendid

May 2022 - current / United Kingdom

- Built website frontend from scratch with a well-structured code base, focused on creating reusable components and improving website performance
- Collaborate closely with product team to understand key business logic and processes, document and translate complex development items for non-technical users
- Peer review of solutions to ensure maximum benefit to the organization without compromising system integrity
- Designed and implemented web applications along with 3rd-party software integrations as a web team liaison for all inter-departmental and customer-facing projects.
- Mentored 3 junior front end developers on the team and documentation best practices within the organization
- Implemented Unit Testing using Jest & Selenium
- Tools & Technologies: React, Redux, Ant Design, Styled Component , Storybook, GraphQL, S3 Bucket, Strapi, Smart Contract, Cardano Network
